

The Social Enterprise Support Project

Turning your ideas into actions

Have you got an idea and you want to make it happen?

A social enterprise is set up to provide services to the community. It can be a group, organisation or a community business. Any surplus money that is generated is used to help people and to improve the community.

We are here to help you get a new project or service off the ground or to develop one that is already up and running.

Often Social Enterprise starts with an individual or small group wanting to make a difference and deciding to do something themselves to achieve this.

Examples include:

- Community Café
- A kids club
- Recycled furniture

What help is available?

We can help with:

- Getting started
- Funding
- Business Planning
- Managing your project
- Putting you in touch with people with specialist or technical knowledge
- Sharing information, skills and networking

We are here to help you wherever you live in Rhondda Cynon Taf. We do not charge for the help we give to our member organisations. Membership is free to all small community groups. There is a small charge for large organisations.
